Appendix A: Reporting Entity

This appendix lists the organizations and agencies encompassed in the reporting entity for this publication as well as some organizations excluded from the reporting entity. The reporting entity is a specifically defined group of agencies, principally Cabinet departments and other agencies of the executive branch, as stated in the law and accounting guidance.

The determination as to which organizations and agencies will be included in the reporting entity is governed by Federal laws and is also based on guidance issued by the Federal Accounting Standards Advisory Board (FASAB) in their Statement of Federal Financial Accounting Concept No. 2, Entity and Display, which provides criteria for determining what should be included in the reporting entity for a consolidated Governmentwide report. FASAB is now considering more specific guidance on the reporting entity for this report.

There are a total of 154 organizations and agencies included in the Financial Report of the United States Government. The lists below describe three groups of entity/fund types that comprise the reporting entity for the Financial Report and include entities from all three branches of Government.

</table>

*These entities are no longer active and have either returned all remaining fund balances to Treasury during fiscal year 2013 or have remaining fund balances pending final return to Treasury as of September 30, 2013.

**Legislative and Judicial Branches**

There are no legal or other requirements for the legislative or judicial branches to prepare consolidated audited financial statements or to provide accrual-based accounting data for inclusion in the Governmentwide financial statements. Therefore, these consolidated statements do not include accrual-based accounting data for such entities as the U.S. Courts or the Congress. Some legislative branch entities voluntarily prepare and submit such information (e.g., Government Accountability Office, Government Printing Office, and Library of Congress). In addition to the 154 entities, the FR includes cash-based outlay data for the remainder of the legislative and judicial branches.

**Entities Excluded from These Statements**

The following entities are not part of the Governmentwide reporting entity based on an assessment of these entities in accordance with the indicative criteria stated in SFAC No. 2, Entity and Display. However, this list is not all inclusive of all entities excluded from these statements.
