NOTES:

¹ These attributes are not used for fiscal 2001 but will be used for fiscal 2002.

²For no-year accounts only: When a P& F line number distinguishes between outlays from new authority versus outlays from balances, please provide the fiscal year when the fund symbol was provided with new no-year authority. FACTS II will then compare it to the date that the reporting is taking place (i.e., Report_Fiscal_Year), and determine whether the outlays are from new authority or balances. For example, when reporting outlays during the fiscal 1999 yearend reporting period, and the year that the new authority was provided was 1995, then those outlays are from balances. Or when reporting outlays during the fiscal 1999 yearend reporting period, and the year that the new authority was provided was 1999, then those outlays are from new authority.

Please Note: Shaded attribute domain values are FACTS II supplied.
