

### **Attributes Used To Prepare the Financial Report of the United States Government**

USSGL attributes are one component of detailed data in agencies' financial systems related to the external reporting of financial statements. The USSGL Proprietary Account Attribute data table shows the USSGL account and the related attribute information captured at the transaction level that support production of the *Financial Report of the United States Government*. The USSGL crosswalks for the financial statements reference these attributes as a requirement for proper reporting on the particular financial statement line items.

### **USSGL Proprietary Account Attribute Definition Report**

This report provides definitions for the attributes associated with each proprietary USSGL account. Agencies are required to report their adjusted trial balances and selected notes amounts in FACTS I with attributes described in the detailed financial information.

### **USSGL Proprietary Account Attributes Required for Reporting Detailed Financial Information**

The USSGL proprietary account and related attribute table shows USSGL accounts, account titles, and normal balance indicators for USSGL accounts that agencies will use for FACTS I reporting. The table also shows the related attributes agencies must provide for each USSGL account reported in FACTS I; these columns contain one of three values:

Space	This attribute is <b>not required</b> in FACTS I for the USSGL account.
Y	The attribute domain value is required in FACTS I when this USSGL account is submitted. A list of the valid domain values for each attribute is on the last page of the attribute table.
Other	In some cases, attributes are filled in with a value other than "Y" or space. For example, Federal/non-Federal attribute domain values often appear with an "F" (Federal) in a shaded cell. Shaded attributes indicate the domain value that FACTS I defines as appropriate for a specific USSGL accounts. The FACTS I system will supply shaded attribute values for the designated USSGL accounts.

The FACTS I team may update the table periodically between USSGL TFM releases. For the latest information, access the GFRS/FACTS I Web site at [www.fms.treas.gov/factsi/index.html](http://www.fms.treas.gov/factsi/index.html).
